RoHS Compliance Statement

All products manufactured by Molded Fiber Glass Tray Company are compliant with the RoHS (Restriction of Hazardous Substances) directive 2011/65/EU (referred to as RoHS2 entered into force on 21 July 2011) and Directive 2015/863 (referred to as RoHS3 entered into force 22 July 2019) as set forth by the European Union within the specified limits for the following elements:

- ❖ Lead (Pb): < 1000 ppm
- ❖ Mercury (Hg): < 100 ppm
- ❖ Cadmium (Cd): < 100 ppm
- ❖ Hexavalent Chromium (CrVI): < 1000 ppm
- ❖ Polybrominated Biphenyls (PBB): < 1000 ppm
- ❖ Polybrominated Diphenyl Esters (PBDE): < 1000 ppm
- ❖ Bis(2-Ethylhexyl) phthalate (DEHP): < 1000 ppm
- ❖ Benzyl butyl phthalate (BBP): < 1000 ppm
- ❖ Dibutyl phthalate (DBP): < 1000 ppm
- ❖ Diisobutyl phthalate (DIBP): < 1000 ppm

In regard to our line of suppliers, it is our understanding that these are not directly covered by the RoHS directive. However, our products have been verified to meet all requirements for compliance to the RoHS Directive. This statement will be reviewed annually and updated when changes apply.

Please feel free to contact us at (800) 458-6090 if you have any questions or need any additional information.
